

SOLERA INSURANCE OFFERS TRIPLE CHOICE DUAL OPTION DENTAL INSURANCE PLAN IN CALIFORNIA

DENVER, CO, September 28, 2008 – Solera Insurance & Financial Services, Inc., an insurance marketing company based in Denver, Colorado, today announced that it now offers the Triple Choice Dual Option Dental Insurance Plan in California.

Solera's Triple Choice Dual Option Dental Insurance Plan for employers has been designed with choice in mind. The plan features a variety of plans and options that allow employers to match plan design with budget constraints, while providing choices for employees to match their dental benefits to their family's individual dental needs. With pricing as low as \$20 per month in California, the plan offers low pricing and a flexible plan design, to better match employee needs with an attractive dental insurance plan.

“Solera's Triple Choice Dual Option Dental Plan provides value to employers and employees alike by balancing strong benefit options with creative budget management features,” stated Peter Kopp, CEO of Solera Insurance. “In a competitive market like California, that's important. The plan offers dental insurance coverage at a price that is comparable to discount plans that offer no insurance coverage. This makes our plan very competitively priced, while providing insurance benefits that cover all preventive care and varying degrees of basic and major coverage to match employees' individual needs.”

Solera's Triple Choice Dual Option Dental Plan offers three distinct plan designs and a number of additional features including:

- Preventive dental services including two cleanings, exams and x-rays each year
- Various coverage for basic and major dental services
- Options for plan maximums and orthodontia coverage
- Choice to use network dentists or their favorite non-network dentist
- The second largest dental network in the US with over 82,000 providers
- Flexibility to choose benefit coverage to meet individual needs
- High commissions paid to brokers, agents and general agents in the industry

At the foundation of Solera's business plan are qualified brokers and agents that provide expertise to guide consumers to the correct plans. “Insurance can be very complex and there are many options that often create confusion for consumers. A qualified broker or agent is an integral part of the purchasing process to ensure consumers understand what they are buying and can ask questions to get the information that they need to make an informed purchase,” added Kopp.

Solera provides agents across the US with competitive products, effective technology solutions and marketing assistance to enhance their business. Agents can very easily appoint to sell Solera's products by visiting the company's website at <http://www.solerainsurance.com/AgentAppointment.htm>.
